REPUBLICAN RALLY - THE ESCORT PARADE.

Verdict in the Robbery Case - Frank Smith in Luck.

Don Stanley, in the circuit court this

forenoon, heard something drop. It was

a verdict, and its contents fell with a

dull thud on the ears of the young man.

Don was tried on a charge of robbery.

The complaining witness was W. J.

Forre, a man past sixty years of age,

who fell into the company of Stanley on

July 4th. Forre when he got sober

raised a howl against Stanley, claiming

that he had been held up and robbed.

The jury believed the old man, and after

nearly two hours deliberation brought in

a verdict of guilty, fixing the punish-

ment at eight years in the penitentiary.

Attorneys Gray and Hill, for the defend-

ant, entered a motion for a new trial.

Frank Smith, who was indicted with

John Reed on three different charges of

burglary and larceny, made an attempt

through Attorney John H. McCoy to ac-

quire a continuance, but Judge Vail

thought the excuses were dry and he

denied the motion. Attorney Hill was

appointed by the court to assist McCoy

and the case of Smith on the Snook

House burglary went to trial by jury.

Reed is not present for the reason that

he, with Smith, escaped from the jail and

has not been caught. Smith was nabbed

at Terre Haute recently. Smith had a

stolen watch on his person when arrest-

ed near the Union depot. The pretense

is made that he intended to buy it of

Reed. The watch at the trial to-day was

identified by the party who was robbed.

A verdict will be reached this evening.

A WEAK DEFENSE.

Detective McHenry Tells Why He
Deceived the Reporter.

WANTED TO SEE JUST WHERE HE STOOD

The "Array of Evidence" Against Miss
Lizzie Borden Manufactured Out of
Whole Cloth Without a
Word of Truth.

PROVIDENCE, R. I., Oct. 14.—Private Detective McHenry, the author of the story published in the Boston Globe regarding the Borden case, is now endeavoring to show to the Fall River authorities that he was working in their behalf, and that his intention was to break the Globe reporter. He alleges that he felt that the reporter was playing a part, and that he was trying to find out just what the reporter was up to and for whom he was working, intimating that the evidence in the case, which the newspaper man was to buy, was to be communicated to the defense in the Borden case. McHenry said: "My only object in leading the reporter out on a wild goose chase was to see if the surprise held by me and others was correct, and in order that the paper he represented might not be led into error. I explicitly cautioned him not to publish anything without giving me twenty-four hours' notice. Having obtained all that I wanted from him, it was my desire to tell him, when he gave me the notice, that I required, that he had better not publish the story, as it was not true. Instead of notifying me, as he promised, he rushed the story into print and the result is that the paper he represented was deceived. I was intended solely to find out just where the reporter stood, and how far he was siding the government or defense in his detective work." McHenry denies having received any money from the Globe man.

NOT YET CAPTURED

But the Officers Are in Hot Pursuit of
Ned Christie and His Gang.

TAHLEQUAH, Okla., Oct. 13.—No success has yet attended the efforts of the United States officers who are trying to capture Ned Christie and his gang in the Casey mountains. Christie's effort was burned over his head last night, but the desperado with his gang made his escape with a squad of deputy marshals in hot pursuit.

Marshal Yost has sixty men in the field and the Chicago police have twenty. Their instructions are to keep up the pursuit until the outlaws are captured or killed. There is certain to be blood shed and a desperate battle if the officers overcome the gang, for Christie will never surrender. John Filds, the wounded deputy, is a little better and he may recover.

A Big Contract Involving Heavy Outlays for New American Ships.

WASHINGTON, Oct. 13.—The postmaster general yesterday executed ocean mail contracts with the International Navigation Co., whereby the company is required to operate a line of steamers between New York City and Southampton, England, with at least one vessel sailing every week. The steamers are required to be of American construction and not less than 3,000 tons register, also a line of the same class, of American construction, to make fifty-two trips each year between New York City and Antwerp, Belgium, touching at Southampton, England, and Bologne, France.

These contracts will require an expenditure for new ships of the order of eight and nine million dollars. Seven vessels will be required for the service. Five new ones will be built and the City of New York and the City of Paris, having already received American registers, will be used to complete the quota.

Gov McKinley at Zanesville, O. ZANESVILLE, O., Oct. 14.—Gov. McKinley arrived here at 6 o'clock last evening from Cambridge, where he addressed 3,000 people yesterday afternoon. He was escorted from Cambridge by the McKinley Glee club of Zanesville. After supper at the Clarendon hotel, he was escorted by marching clubs to the Memorial hall, where he addressed an enthusiastic audience of 5,000 people.

Twenty Families Rendered Homeless. SAN FRANCISCO, Oct. 14.—Fire which started yesterday morning in the stables of the Stearns-Renner Drayage Co., caused by the explosion of a lamp destroyed that place, the Western Basket and Manufacturing Co., and a number of small dwellings. Twenty families were rendered homeless. Loss \$50,000.

A New Sugar Refining Company Chartered.

HARRISBURG, Pa., Oct. 13.—A charter was granted yesterday to the W. J. McMahon Sugar Refining Co., of Philadelphia with a capital of \$2,000,000 divided into 20,000 shares. The company is organized for the refining and manufacture of sugar and the purchase of raw material for that purpose.

Accidentally Shot and Killed His Sister.

CINCINNATI, Oct. 14.—Ida Clifton, aged 18, was shot and almost instantly killed last evening by the accidental discharge of a pistol in the hands of her brother Robert, aged 17 years. The sad affair happened at their home 313 Kenyon avenue.

Cholera Victims Sentenced.

VIRGINIA, Oct. 14.—The trial of the men who participated in the Borden case was concluded in Astrakhan Wednesday. Four prisoners were sentenced to death and most of the others will be sent to Siberia.

An Inspector Sentenced.

LONDON, Oct. 14.—Inspector Hovver, of Garden, was sentenced yesterday to six months imprisonment for defrauding the admiralty.

FOR EMBEZZLEMENT.

Wholesale Indictments of the Supreme
Court of the State.

INDIANAPOLIS, Ind., Oct. 14.—The Marion county grand jury yesterday made its annual report. It returned indictments against the following late officers of the order of the Iron Hall: Freeman D. Somerby, supreme justice, Indianapolis, Ind.; Mark S. Davis, supreme cashier, Indianapolis; J. L. Youngblood, supreme trustee and chairman of the board, Detroit, Mich.; J. Henry Hays, supreme trustee and secretary of the board, Camden, N. J.; C. E. Thompson, supreme trustee, Birmingham, N. Y.; George C. Fountain, supreme trustee, Jersey City, N. J.; and E. W. Rowse, supreme trustee, Baltimore, Md.

They are indicted on a charge of embezzlement. The indictments are joint and in two counts. The first count charges them with embezzlement of \$300,000 of the order's funds which they converted to their own use. The second count charges them with converting to their own use \$200,000 by using it in Somerby's bank in Philadelphia.

The necessary papers will be issued this morning, and the governor will be asked for a writ of habeas corpus for the men who are indicted. It is possible, and it may be that Judge Cox will order the arrest of Somerby by wire, asking that he be held until an officer can reach him with the necessary documents to return him to "headquarters" in Indianapolis.

It is likely that Davis will be arrested to-day. As the amount alleged in the indictments to have been embezzled is a large one, it is probable that Judge Cox will require heavy bonds. Some of the promoters of the order, particularly, has considerable property, and it is believed he will have no trouble to furnish a bond in almost any amount.

The grand jury has not completed its work so far as the officials of the Iron Hall are concerned. There are more of the "supremes" who are implicated. Their cases will receive prompt attention at the next session, and it will surprise no one to learn that some of the promoters of the Iron Hall will be arrested for perjury.

Some surprise is expressed that Supreme Accountant Walker is not on the list of indicted ones. It is claimed, however, that he was an underling and did not obey any orders that would put him within the clutches of the law.

THE SWEATING SYSTEM.

Brutal Conditions of Affairs in Gotham
—Fifth and Disease.

BROOKLYN, Oct. 14.—Now W. D. P. Bliss, a member of the Anti-Slavery League of this city, reported at a meeting of that committee last night, the results of a personal investigation of the sweating system in New York City. "The sweating system," he says, "exists in New York City to a frightful extent and under most frightful conditions," and he is convinced that large amounts of pestilential clothing are brought to Boston. "The streets on which these tenements are situated," he asserts, "are worse than any I have seen in London, Paris, Berlin, or even Constantinople, and I have visited the slums of all those cities. I took up some of the clothing and found it stained and smeared with suspicious filth. I saw women working with naught on save a flimsy skirt and chemise, babies marked and pitted playing amid the clothing, pale-faced women bending over the work, working only two or three hours a day, and some of them 10 o'clock in the morning until 10 or 11 o'clock at night, to earn even half a man's low pay."

Rich Treasure Trove.

SAVANNAH, Ga., Oct. 14.—Three men from Wright's Creek, Liberty county, J. J. James, colored, Wednesday, while digging on his farm, found an ancient urn-pot in which were more than 3,000 French and Spanish silver coins, more than 100 years old. Their value is placed at about \$4,000. The coins are believed to be part of the plunder buried by Black Board, the pirate, in that section of the state. The negroes have nearly gone crazy over the discovery and are digging everywhere.

SWIFT VENGEANCE.

Four Young Negroes Confess to a
Horrible Crime.

AND MEET ITS SUDDEN RECOMPENSE.

They Are Taken From the Posses Having
Them in Charge, Blindedfolded
and Riddled With Bullets—De-
tails of the Crime.

BIRMINGHAM, Ala., Oct. 14.—A special from Camden says: "Moses Johnson, aged 17; James Parker, aged 19; Dave Martin, aged 18, and Will Lewis, aged 19, all negroes, have been arrested for the murder of Richard H. Johnson and daughter, who were brutally slain in Monroe county, last Friday night. The four murderers confessed and a posse of citizens started to the scene of the crime."

Wednesday night, hearing of their coming, a mob of excited people white and black collected, met the posse in the woods and overpowered them. They were tied to trees, blindfolded and riddled with bullets. In their confession, the murderers said the crime was committed for the purpose of robbery and rape.

Johnson, the victim, was called to the gate and his head split open with an axe. His daughter was then outraged and murdered. Both bodies were cremated in the house. The intense excitement that followed resulted in the lynching.

THE COLORADO BLIZZARD.

The Worst Storm Known in the Rocky
Mountains in Thirty Years.

DRYDEN, Col., Oct. 14.—Denver, and in fact the whole Rocky mountain country, has been visited by the worst storm in thirty years. It began at 8 o'clock Tuesday night, and for thirty-six hours the wind blew a hurricane, while the rain fell in torrents on the plains, and snow piled high in the mountains. Not a railroad running into the mountains was moving, and trains Wednesday night, and telegraphic communication with the interior of the state and with the east was absolutely cut off.

Three to five feet of snow fill the mountain passes and it is packed hard, making it necessary for all the roads to send out snow plows to move blocked trains.

The cable lines all stopped Wednesday evening and electric cars stopped. A number of horses were killed by coming in contact with electric wires and many buildings in the course of erection were blown down. The financial loss will be very great.

The Toledo Boogie Trials. TOLEDO, Oct. 14.—Councilmen Schuch and Neundorfer, contestants in the municipal boogie case, were placed on the stand yesterday afternoon by the defense. Neundorfer swore that August Machen offered him \$25,000 in stock and \$5,000 in cash for eleven votes to pass the Plinto Oil Co.'s ordinance. Schuch was a very refractory witness, and refused to know nothing of the charges against Day Machen, in rebuttal, denied Neundorfer's statement.

Four Men Injured in a Freight Collision. THIRYDAD, Col., Oct. 14.—By a collision between two freight trains during a blinding snow storm, Wednesday, four men were injured, two of whom will probably die. The injured are Conductor King, both arms broken, skull fractured; will die.

Dr. Varnor, brakeman, skull fractured and badly bruised, may die. Engineer Howe, badly scalded.

Ill City, S. D., Burned. DEADWOOD, S. D., Oct. 14.—Half of the business portion of Hill City, near the Harney Peak tin mines, was destroyed by fire yesterday morning, estimated a loss of \$75,000. One man, 33, was killed and several others injured. The fire was caused by Cunningham knocking over a lamp, setting fire to his clothes. The flames communicated to the building. Hill City had no fire equipment, and the residents were compelled to stand around and see the fire burn itself out.

Fatal Explosion in a Gallery. SHAKOPEE, Pa., Oct. 14.—By an explosion of gas in the Shirling Rock colliery, one said a half mile from here, at 11 o'clock yesterday morning, one miner was killed, four seriously injured and eight imprisoned. Two of the injured were rescued at 10 o'clock last night in a critical condition. There is but little hope for the remaining six being taken out alive. The colliery is operated by the Philadelphia & Reading Coal and Iron Co.

Important Arrivals. NASHVILLE, Tenn., Oct. 14.—Noah Cooper was arrested in Lincoln county yesterday morning. He is believed to be a member of the gang of moonshiners which ambushed the revenue officers near Flintville recently. This is the third arrest that has been made, and it is thought the ambushing party consisted of only four men. One moonshiner was killed in the fight. Deputy Collector Spurrier, who was desperately wounded, is still alive and may recover.

Death of a Well-Known Telegrapher. WASHINGTON, Oct. 14.—Frank P. Cox, the well-known telegrapher, died at his residence here last night of consumption. He was at one time manager of the Bankers and Merchants' Telegraph Co. at Washington, but for the past three years had been employed by the Executive mansion. Mr. Cox had been in failing health for several years. He leaves a widow and several children.

THE LAXATIVE GUMDROPS.

In this climate every person needs a laxative. In fact one of the main causes of ill health is inactivity of the stomach, liver and bowels. It is when the bowels become loaded with morbid matter that the system contracts fever and it opens to the attacks of disease. It is necessary therefore, to clear away this accumulation. The Laxative Gumdrops accomplish this work perfectly without pain, annoyance and without trouble. They contain no taste of medicine and no sensation such as is experienced in taking pills, but they act quietly, easily and pleasantly. Mothers will find no difficulty in getting their children to take medicine when they give them the Laxative Gumdrop. They are put up in small boxes containing twelve drops for ten cents. Large boxes contain thirty-six drops for 25 cents. There is no taste of medicine in them. They are manufactured more carefully and are more palatable than the ordinary gumdrop that is purchased at the confectioners.

Verdict in the Robbery Case—
Frank Smith in Luck.

Don Stanley, in the circuit court this
forenoon, heard something of a trial. It
was a verdict, and its contents fell with a
dull thud on the ears of the young man.
Don was tried on a charge of robbery.
The complaining witness was W. J.
Farris, a man past sixty years of age,
who fell into the company of Stanley on
July 4th. Farris when he got sober
raised a howl against Stanley, claiming
that he had been held up and robbed.
The jury believed the old man, and after
nearly two hours deliberation brought
in a verdict of guilty, fixing the peniten-
tary at eight years in the penitentiary.

Attorneys Gray and Hill, for the defend-
ant, entered a motion for a new trial.
Frank Smith, who was indicted with
John Reed on three different charges of
burglary and larceny, made an attempt
through Attorney John H. McCoy to se-
cure a continuance, but Judge Vail
thought the excuses were silly and de-
clined the motion. Attorney Hill was
appointed by the court to assist McCoy
and the case of Smith on the Smoak
House burglary went to trial by jury.
Reed is not present for the reason that
he, with Smith, escaped from the jail and
has not been caught. Smith was nabbed
at Terre Haute recently. Smith had a
stolen watch on his person when ar-
rested near the Union depot. The pretense
is made that he intended to buy it of
Reed. The watch at the trial to-day was
identified by the party who was robbed.
A verdict will be reached this evening.

was confined to the home branch. There
are 947 auxiliaries, 121 children's bands

commodate the pupils. Japan is report-

Verdict in the Robbery Case—
Frank Smith in Luck.

Don Stanley, in the circuit court this
forenoon, heard something of a trial. It
was a verdict, and its contents fell with a
dull thud on the ears of the young man.
Don was tried on a charge of robbery.
The complaining witness was W. J.
Farris, a man past sixty years of age,
who fell into the company of Stanley on
July 4th. Farris when he got sober
raised a howl against Stanley, claiming
that he had been held up and robbed.
The jury believed the old man, and after
nearly two hours deliberation brought
in a verdict of guilty, fixing the peniten-
tary at eight years in the penitentiary.

Attorneys Gray and Hill, for the defend-
ant, entered a motion for a new trial.
Frank Smith, who was indicted with
John Reed on three different charges of
burglary and larceny, made an attempt
through Attorney John H. McCoy to se-
cure a continuance, but Judge Vail
thought the excuses were silly and de-
clined the motion. Attorney Hill was
appointed by the court to assist McCoy
and the case of Smith on the Smoak
House burglary went to trial by jury.
Reed is not present for the reason that
he, with Smith, escaped from the jail and
has not been caught. Smith was nabbed
at Terre Haute recently. Smith had a
stolen watch on his person when ar-
rested near the Union depot. The pretense
is made that he intended to buy it of
Reed. The watch at the trial to-day was
identified by the party who was robbed.
A verdict will be reached this evening.

At the meeting of the northwestern
branch of the Foreign Missionary So-
ciety of the Methodist church held at
Springfield this week it was reported by
Miss Mary A. Gamble, of Detroit, Mich.,
that the year ending Sept. 30, 1892,
the receipts were \$72,012.27, the dis-
bursements \$58,494.98, leaving a balance
\$13,517.29, a result as gratifying as to
prompt the singing of the doxology.

The report of the assistant corresponding
secretary was given by Mrs. Lewis
Meredith of Oak Park, Ill. Her report
was confined to the home branch. There
are 947 auxiliaries, 121 children's bands
and 31,170 members—an increase dur-
ing the year of 2,502. Mrs. Frank P.
Grandon of Evanston, corresponding
secretary, gave a flattering report of the
foreign missionary schools. Their one
fault is that they are too small to ac-
commodate the pupils. Japan is report-
ed as letting go her old beliefs and glid-
ing into infidelity and now is the time
to reach here. The progress of Christianity
in China against great obstacles is very gratifying
and thousands are being converted in India.

It is Only Would Rain.

The weather reports have been predict-
ing local showers for the past two or
three days, but the dust still blows as
thick as a dense fog, and it has
done any time within the last 24 hours.

Yesterday morning the barometer was
higher than it had been for two weeks,
which is not a very encouraging sign for
rain. Everyone wants rain now to set-
tle the dust to help fall pasture, to fill
cisterns, to soften the ground for fall
plowing and to fill the sloughs and
streams, thus insuring a supply of water
for winter use.

Taken Suddenly Ill.

Last evening Deputy Sheriff Midkiff
toppled over in a dead faint in the
sheriff's office at the court house and
was taken home in a carriage. He was
dangerously ill until last night 12 o'clock.
The attending physician says the attack
was caused by indigestion and hard work,
resulting in a severe heart trouble. Mr.
Midkiff was on duty at the court house
to-day, but he is trying to keep as quiet
as possible.
